

**Shriners Hospitals
for Children®**

January 2018

Dear Sponsor,

Just like eggs and bacon, Kids and Piggy Banks go well together. Moslem Shriners of Southfield, Michigan are striving to improve children's lives. The Child Life Program is relatively new for our patients. We recognize that along with treating the child's physical issues, many of our children and their families need help coping with the many changes that come with healing. We want our children to be both confident and independent. We are proud to announce our own fundraiser to help the Child Life Program succeed. Beginning in January and ending in December of 2018, we are selling piggy banks complete with the Shriners Hospital logo.

There are 22 Shriners Hospitals for Children. These hospitals are committed to providing the most innovative care in orthopedics, burns, spinal cord injury, and cleft lip and palate repair regardless of the family's ability to pay. However, each child's healthcare does not come free. There are many costs associated with the extensive care that many of our Shriners patients require. It takes a generous community and many labored hours of fundraising in order to fund each of our Shriners children's healthcare. Our first lady, Judy O'Brien, has initiated a fundraising project called "\$wine for our \$hrine" to raise funds for the three hospitals serviced directly by our Moslem transportation team. Those hospitals, located in Chicago, Erie, and Cincinnati, care for our local Shriners patients. Each of our families are given free transportation and ground breaking, cutting-edge, medical care regardless of the families ability to pay.

To help defer the cost of the production of the banks and to insure we reach our goal of \$20,000, we are asking your business to sponsor a piggy bank. There are three levels of sponsorship available to your business. All donations are tax deductible.
