Sean English the Journey Continues

Mitch Albom article of May 6, 2018

I lost my leg ... I didn't lose my life'

There are a lot of ways you can go after an event like that. Bitterness is one. Depression is another. Anger. Self-doubt. Questioning God or the universe.

Sean English, who was a track star at U-D Jesuit, never attached to any of those. Instead, he remembers an air of positivity beginning to settle over him as he lay in the hospital, even amidst six surgeries to repair a broken pelvis, broken legs, and to amputate his right leg below the knee.

“I just remember sitting in the hospital room and hearing the news of Dr. Ray’s death,” he recalls. “Every day I just remember her name and what she gave, which was the ultimate sacrifice — her life — to do what she was doing for a living, which was helping others. I always keep that in the back of my head.

“Sure, you could say I lost my leg,” he adds, “but you could also say I didn’t lose my life.”

Instead, he reconstructed his high school existence one-step at a time, with some new elements. Grueling rehab, five times a week. A prosthetic leg, which took time to get used to. A new girlfriend, who helped him on his journey.

He eventually returned to school. In April he attended, the sentencing of the young man who changed his life, Keith Martin, who, a week before his sentencing, was caught drinking beer in his car outside a casino, a violation of his probation.

Despite that, despite all he had gone through, despite the six- to 12-year sentence a judge ordered for Martin, English said he forgave the young man. He said he was pulling for him. He said, “I’m in your corner...I’m really rooting for you.”

And a month later, last Wednesday, here was Sean English, whose father, he says, once qualified for the Olympic track trials, lining up for one last 400-meter race for his high school.

“I always told everyone I’d be back on the track,” he says. “But I didn’t know when.”

Wearing his father’s old high school jersey, Sean embarked on his lap. Halfway through, the pain was significant. He wasn’t sure he would make it. But with the cheers of his family and his high school teammates urging him on, he came around another curve of life, this time with a more glorious finish. He fell into his parents’ embrace, shedding tears. He told his father, “I did it.”

Robert O’Brien
Potentate

Sean English the Journey Continues

For me to be out there meant the world to me,” says the Purdue-bound senior. “And to do what I actually wanted to do, finish, meant even more.”

The next day, Sean went to his prom.

Thirteen months after nearly dying on the side of the road? A new leg? A track race? A prom?

Do we ever truly appreciate the resilience of the human spirit?

An unintended commencement speech

I said that I had heard the best commencement speech of the year. It came by accident, when I asked Sean to reflect on what had happened, and what he would say to all the people out there if given a chance.

Here is what he said. Imagine it; perhaps, being spoken before a football field’s worth of young, impressionable graduates:

“The accident I had completely reshaped my outlook on life. It strengthened my faith and me as a human being. I now cherish every moment.

"I had a metamorphous...And Dr. Cynthia Ray’s name now carries me along...

“I think about that accident often. But I never think about why did I stop? Or should I have kept driving? I think about, OK, that could have been my girlfriend in that (turned-over) car, or my grandma, or my mom, it could have been someone very important to me. And the guilt that I would have had for the rest of my life if I had just driven by when I could have done something would have outweighed any physical pain that I’ve had to deal with.

“So I would rather do what I did, and lose my leg, than to live with that guilt...

“I mean, life can always be worse. You can go to your local hospital and see people in positions much worse than what you’re experiencing. So you should always remember to be grateful for that.

“Also, life is way too short to hold grudges. That brother that you haven’t been talking to for years, or that friend that you don’t talk to anymore because you had a falling out, honestly, life is way too short and you never know when it’s going to be taken away. You should never leave a (bad) conversation with a question of ‘was that the last conversation I’ll ever have with that person?...

“I know all this is easier said than done, but those are the kind of things that I hold onto now, and will for the rest of my life. And I hope everyone else can as well.”

That’s a speech. That’s a life lesson. Sean English will not speak at his high school graduation. (“The valedictorians do that,” he jokes. “I didn’t get one of those spots.”) But that’s OK.

Sometimes the best lessons at a high school graduation don’t come from the podium. Sometimes they are sitting in the stands, just grateful to be there.

Until we meet again.....

FROM CHIEF RABBAN

If, by some happenstance, we would all decide to stop and reflect on our Masonic and Shrine journeys that we have been involved with over the years, we can all trace the origin of that path that took us from our 3rd Degree to when we crossed the Hot Sands of the Desert in an almost identical manner. Throughout that journey, we were introduced to the “Science of Morality, Veiled in Allegory and Illustrated by Symbols” and we now see these symbols as we go about our daily lives in a myriad of locations. However, during those journeys, one of the almost mystical figures that has been forever engrained within us is and will forever be, the Goat. We have been threatened with meeting it, riding it, eating it, and basically, may have been forced to run away from it. Usually, all of it in good fun.....

However, as we continue to ride that meandering goat, it is that inability to force it to stray from the path that is often what is holding us or our fraternity back. That is the reason the path appears to be worn down and has become boring and stagnant like being in a maze where the exit is impossible to find.

When I came across the illustration below, it reminded me that even though our path may seem like it is preordained, there is usually a way to step off “the beaten path” and see that there are new opportunities and new journeys that we have been missing out on. They are ones that we may want to have others join us in or attempt to navigate it alone. As the saying goes, “it isn’t the destination, it is the journey” that often matters the most.

My recommendation is and shall always remain that Our “Shrine Life” must evolve to succeed. Like the grumpy Past Masters in our Blue Lodges (which I can happily say I am one), those ideas and methodologies that we hold as etched in stone may be the roadblock to our success. Think outside the box and once in a while, hop off the goat and take a good look around. You may see a path that you have never noticed before.

FROM HIGH PRIEST AND PROPHET

Greetings Nobles all,

As a member of our Shrine Marketing Committee, I wanted to give you an update on our marketing progress mid-year, in regards to Fraternity & Philanthropy-

Recently, we started a Civic parade group for Shriners and families titled- Pooch Patrol, so that we can promote our Dogs, fun, families, and the frivolity of the Detroit Shriners while also promoting the work of our SHC.

We designed, printed, and distributed our Annual Shrine Circus/State Fair Program that is full of compelling articles, Kids pages, and advertising, that contributed a surplus in subsidy to the General Operating Fund.

We launched our full-color 20 page magazine this year at no additional cost, containing wider topics of interest...which is now the envy of Shrinedom!

We are now on most all Social Media platforms as Detroit Shriners: Facebook, Instagram, Twitter, and Pinterest. Our traction in promoting everything we do has been most effective on Facebook and Instagram.

Our website received a facelift, and now looks years younger and contains everything you will need to stay current, it is found at detroitshriners.com.

Ultimately, our unrelenting efforts are paying off in membership acquisition/retention and public awareness!

Cheers!

**Kenric Knecht
High Priest and Prophet**

DAUGHTERS OF THE NILE

It was a nice sunny day when Susan, Brenda, Mary, Kay and I made a trip up to the MasonicPathways in Alma to visit and have lunch with three of our members. After lunch we went on a tour around the facilities. We saw the beautiful cathedral with stained glass windows of all the Masonic emblem, as well as the workshops, craft room, library, salon and many more beautifully comfortable rooms. It was a very enjoyable day with our ladies. We are glad to welcome former Makere Temple No. 99 members. We are sorry that Makere Temple closed, yet we are pleased to have them as affiliated members of Ahmose Temple No.63 Daughters of the Nile. A Welcome Tea is planned on Saturday August 4th. at 1pm. at the Moslem Shrine Center Nobles Lounge to meet them and spend the afternoon together. Please plan to come and get acquainted.

Buzzing with Nile Love,

P.Q. Sheila McWilliams Queen

Imperial Connection

Talking with Imperial Outer Guard Larry Leib, it is clear his reason for advancing to the Imperial Divan – he truly wants to uphold the Shriners mission which forever changes children's lives. Imperial Sir Larry has a deep reverence for those Moslem Shriners who have mentored him on his trek to the Imperial Divan and he is excited to be an active participant in Shriners International which is the governing body of all the Shrine temples and it is from where the organization's direction comes. As a member of this elite group, Larry is in the position to help chart the course for Shrine Centers worldwide.

Understanding the underpinnings of Shriners International are the best way to strengthen the foundation of each temple and for the Moslem Shriners, it is especially important since Larry Leib will be the Imperial Potentate during 2026-2027. This esteemed position showcases the home temple of the Imperial Potentate and thus, the Moslem Shriners become even more elevated as Larry moves up the ranks.

Fraternity and Philanthropy

There are actually two major corporations that are operating under the Shriners International umbrella: Shriners International and Shriners Hospitals for Children. Shriners International was founded in 1872 by 13 Masons who met weekly to create an organization that was fun and less restrictive than the Masonic Lodge. In 1922, the philanthropic arm was created in response to the huge polio epidemic. The first Shriners Hospital was built in Shreveport, Louisiana and for the next 30 years, the primary focus of Shriners Hospital for Children was to fight polio. Almost 100 years later, there are 22 hospitals in 3 countries with 20 of the hospitals residing in the United States. In the last 10 years, Shriners International has built outreach clinics in a number of locations with notable growth in the Philippines and Central America. They are now looking to expand treatment to children in the Far East.

At the local temple level, if there is a fraternal issue like membership; then it is directed to Shriners International. If there is an issue pertaining to pediatrics, burns or anything treated by our hospitals, then the issue is sent up to Shriners Hospital for Children.

Imperial Session

The Annual Imperial Session is actually an assembly of both corporations meeting simultaneously. There are International delegates and Hospital delegates that come together and meet at the same time. Issues are discussed and voted on by their respective delegates. Usually the Shriners International representatives are also Hospital representatives but Hospital representatives are not normally International representatives, they are typically Past Potentates and people who've been given the distinction of Hospital representative.

Photo Credit: Don Kincheloe

So what is the importance of this gathering to the general Nobility? This is the one time each year to meet and talk with all members of Imperial leadership, as well as nobility from all temples. This opportunity is akin to going to an event that Warren Buffet and Bill Gates are attending and being able to have a conversation with them. While Nobles are attending legislative meetings, their Ladies are attending LOS and Daughters of the Nile luncheons. Since family is one of the Shriner core values, this week long event is also filled with many family-friendly events so the whole gang has numerous entertainment venues to enjoy.

The Long Climb

Imperial Sir Larry is in line for the high honor of being Imperial Potentate – his desire for improving the circumstances of children who need help and his time with the Moslem Shriners have prepared him for exactly this. Says Larry "I knew I wanted to run for the Imperial Divan when I was on the Moslem Divan but I wanted to keep my focus on our temple until my kids got older and I had accomplished what I set out to accomplish during my year (2015) as Potentate. Then the timing became right for running for Imperial Outer Guard in the Imperial Divan." When asked why becoming Imperial Potentate is important to Leib, he responded "The real reason is that I want to help kids. I have a passion for helping Shrine kids. The nine years I served on the hospital board in Chicago changed my whole outlook on life. I thought as I got more involved, I could have a bigger impact."

Photo Credit: Don Kincheloe

"I have my own kids; my daughter Caitlin is 16 and my son Jenner is 14. They've grown up in the Shrine and they understand what it's all about. My kids understand that they're very fortunate: they are healthy, go to good schools, get great grades, and they have parents who care very much about them. Shrine kids don't have all of those same opportunities and it's up to us to help them get there." He goes on to tell a story about having breakfast with his children a year and a half ago. Larry was wearing a Shriners Hospital for Children shirt from Chicago. A gentleman walked by the table with his daughter, who was about the age of Leib's daughter, and he said to her 'If you ever see anyone wearing one of those shirts or wearing a red fez, be sure to thank them because I wouldn't be walking if it wasn't for them.'" Larry said that experience had an impact on his daughter because it brought the Shriner's philanthropy home for her. It really highlighted the importance of being a Shriner because it was an outsider who was saying: I don't know you and I don't know your dad but he's involved with a group that really helped me.

Moslem Temple has always been viewed as a unique organization. It created the first Shrine Circus, implemented the first Director's Staff Unit, is located in a major metropolitan area and has a long history. With Larry Leib on the Imperial Divan, the spotlight is about to get more intense so *hang on to your fez*.

CLOWNS

Your Moslem Shrine Clowns have been active lately! On May 28th, 2018, nine clowns attended the Memorial Day parade in Sterling Heights. With such a great showing, the clowns broke out the 1924 Model T Clown Car and the Mini Clown Car, a couple rode the goofy clown bikes, and some were walking and greeting the crowd. Wacky clown antics were running amuck!

Jo Jo drove the Model T, trying to keep Pero, Smiley and Dapper at bay! He was barely able to keep them in the car while fighting with the air conditioning. Meanwhile, Sunshine and Rocket were cruising the crowd on the crazy clown bikes. Vee was careening in the Mini Clown Car while Charlie, J-Ray and Junior were walking and greeting the crowd.

In typical clown fashion, there were a lot of laughs and photographs, antics and gags which brought smiles to faces and hands clapping from the audience. Without a doubt, this great show will continue! We are proud to be Masons; proud to be Shriners; and proud to be your clowns!

Written by: Tony "Rocket" Barker

Hello Nobles

Water and Fire Safety Facts

We as Shriners care very much about the safety and welfare of children

I thought a few facts on preventable Accidents that can happen to a child, would make us help prevent these injuries from occurring.

Facts about Swimming Pool Drowning Accidents

The National Safety Council reports: The National Safety Council reports. There are over 7,000 drowning deaths nationally There are over 7,000 drowning deaths nationally each year. Drowning accidents are the leading cause of death and injury of children under 5 years of age. Drowning is the second leading cause of injury he second leading cause of injury-related death among children under the related death among children under the age of 15. (U.S. Centers for Disease Control and Prevention) Nationwide, about 250 children under the age of 5 drown each year. Most of those incidents occur in backyard pools and studies have incidents occur in backyard pools and studies have shown that usually an adult is nearby, but not watching the child when they fell in the pool. A swimming pool is 14 times more likely than a motor vehicle to be involved in the death r vehicle to be involved in the death of a child age 4 and under. (Orange County California Fire Authority). Research shows that greater than 80% of pediatric campfire injuries are from day-old campfires. Unfortunately, smoldering coals, ash and embers can stay hot enough to cause burns for up to 24 hours. Children and parents don't recognize the dangers old campfires or cooking areas present. In fact, one study found that almost 90 percent of these types of injuries occurred while the child was being directly observed. Deep thermal injuries can occur quickly with less than one second of contact. Toddlers and pre-school aged children were most commonly affected when they fell, walked or crawled onto coals, embers or ash. As you would expect, the most frequently burned areas of the body were hands, forearms, and feet. Deep burn injuries to these areas are very difficult to manage and often require surgery, skin grafting and prolonged physical therapy. So when you and your Family are out in the back yard our out camping make sure to pay attention and please be careful.

Frank Dougherty Director of Childcare 2018

CHILDCARE

Six ambulances were ready when military and Shriners Hospitals for Children medical teams landed in Galveston from Guatemala with children severely injured in the #FuegoVolcano eruption. The C-17 landed minutes ago and the children will be transported to Shriners Hospitals for Children - Galveston. United States Air Force @theofficialairmobilitycommand US Embassy Guatemala U.S. Southern Command (SOUTHCOM)

Thank you to everyone involved for their assistance and dedication to this mission of bringing these children to Shriners Hospitals for Children in Galveston for specialized burn care.

Photos from US Embassy Guatemala

2018 Potentate's Ball

RECEPTION UNIT

Greeting to all the Members of the Reception Unit. I hope this finds everybody in good health and enjoying all the good weather we are having right now. Also, enjoying cutting the grass, other work around the house, golfing, baseball and etc.

As I said before, all of the functions that are put on by the Shrine are not only fundraisers, they are for your enjoyment and if you don't attend them, you are not getting your money's worth. (To all the Shrine members that don't belong to a Unit, join with us.)

At our last meeting we had a discussion on money and how much the unit was spending and motion was made and carried not to go to Frankenmuth for dinner, which your Director was planning.

The first drawing in January and the second in February, our Unit had (4) \$20.00 winners in the Calendar drawings and every month since, we have had a few winners. If we keep this up, we will get our money back that we spent on the Calendars real quick.

Also, if anybody wants a Shrine Shirt, Gray Unit Jacket, Leather Jacket, we can order them any time. They are all subsidized.

We had another new member join at the last meeting. So welcome Rodney Snider into our membership. John Arkles and John Waynick have turned in their money and will be voted on at the next meeting.

As you know the Charity Poker and the Wheel Barrow of Cheer fund raisers are the ways that we make money for the Unit to help the Shrine and the Shrine Hospitals and for our subsidies. Anytime we have a fundraiser it is to your benefit that you help in any way you can. We don't have a Charity Poker Outing lined up yet, but we will.

As you should know by now to be eligible for our subsidies, at the discretion of the Director, paying your dues, attending a meeting at least once a quarter, attending at least (2) of the Shrine functions per year, contribute to the Wheel Barrow of Cheer, working at the Sportsman Raffle or Circus or with our Wheel Barrow of Cheer Raffle and selling (5) of the Wheel Barrow of Cheer Raffle tickets, are the requirements. Like I said, at the discretion of the Director.

We had a subsidized Casino Outing on March 18th for the Unit at the Fire Keepers Casino. Everybody had a good time. (Some even came back with some of the Casino's money.)

Saturday, June 2nd was the Potentate's Ball at the Henry Ford Museum. It was well attended with good food and a very good Band. If you weren't there you missed a good time.

Our next meeting will be Monday, June 25th 2018. As I said before, come out to the meeting and meet our new members and our new Shrine Member's and join with us for snacks, refreshments a 50/50 drawing, a door prize and lots of Camaraderie.

Brothers, as I said before at one of our meetings of the Reception Unit, a motion was made to pay HALF OF THE FEE of any new Shriner that any Member of the Reception Unit would have join the Shrine with the stipulation that they be an Active member of our Unit for a year. This still stands. Pick up a petition at the Shrine Office for your Masonic Lodge and the Shrine and see how many you can get to join. Maybe we can help have more candidates at the next Ceremonial.

If anybody wants RECEPTION on their FEZ, let your director George know. The Unit will cover the cost. Also, if you don't have a Unit Name Tag let your Director know and again, the Unit will cover the cost.

We still have gold and silver Shrine Fez pins, so sell them if you can. Call your director at 248-828-4151 and he will mail them to you.

Bufford Gibson is still in a convalescence home. Give him a call at 248-477-7373 or cell phone at 248-669-5958. He would like to hear from everybody.

Buck Lowry is still not recovered from his Stroke so take a few minutes and give him a call at 586-751-3626 and let him know we are thanking of him. Dennis Kalakay is home recovering after a knee operation. Give him a call at 586-773-0071. He would like to hear from you.

If you know of any other members that are not doing very well, let your director know and he can send them a card and give them a call.

Dates to Remember: June 9th – Belleville Parade June 15th thru June 20th – Potes Trip to Wash. DC. June 23rd – Grand Masters Reception. June 24th – New Baltimore Parade. June 25th – Freedom Festival Fireworks & Dinner Cruise. July 4th – Wyandotte Parade. July 15th thru July 19th - Imperial Session – Daytona Beach. July 29th – Shrine Picnic. August 11th – Shrine Sportsman Raffle – Unit Raffle.
